I. BIOGRAPHICAL SKETCH

Mr. Donnelly is a Construction Consultant. His expertise includes project planning, scheduling, cost control, and schedule delay impact analysis. He is a recognized consultant in construction management, critical path method schedule analysis, and delay and damage calculations. Mr. Donnelly's professional education includes BS in Civil Engineering and a Masters of Business.

Mr. Donnelly studied Civil Engineering (1983-1984) at Norwalk State Technical College graduating with an Associate of Science in Civil Engineering. Mr. Donnelly worked for Testwell Craig Laboratories from 1984 to 1985 working as a Resident Field Inspector performing on-site testing and inspections for concrete, reinforcing steel and soils inspections for commercial construction. During 1985, Mr. Donnelly worked for Patent Scaffolding and Forming as a Design Engineer. During his tenure, he provided engineering design, drafting and field verification for formwork and shoring systems. From 1986 to 1987, Mr. Donnelly was employed by SEA Consultants as design engineer-draftsmen. He provided design and drafting services for private and public sector projects, including Massachusetts Water Recourse Authority (MWRA) and the U.S. Airforce Base – Portsmouth, New Hampshire.

Mr. Donnelly continued is education training in Civil Engineering at Wentworth Institute of Technology, graduating in 1990 with a Bachelors of Science in Civil Engineering. Upon the completion of his degree, Mr. Donnelly worked for Rosati Acoustics as a Design Engineer and Project Manager. The firm provided design and construction management services for the radio and recording industry.

Mr. Donnelly was employed by A.W. Hutchison & Associates, Construction Consultants from 1996 through 1998 as a Construction Consultant. During is tenure, Mr. Donnelly performed scheduling analysis, claims management and preparation. Mr. Donnelly in 1998 established Donnelly Consulting Group (DCG) to provide construction consulting services. With DCG, Mr. Donnelly provides construction management services, including scheduling, field supervision, claims preparation, mediations and negotiations.

In 2001, Mr. Donnelly began working as construction consultant with Nitro Associates. Mr. Donnelly works as a Senior Construction Consultant with Nitro Associates providing all levels of construction and claims consulting, including scheduling, claims analysis, mediation participation and client management services. In addition, Mr. Donnelly provides construction management, critical path method schedule analysis, and delay and damage calculations.
